Enforcement

Landscape Queensland expects all participants to adhere to this Event Code of Conduct, promoting a harassment-free environment across all event venues and related activities. Should any participant engage in behaviour contrary to this Code, LQIA reserve the right to implement corrective measures. These measures, based on severity, can range from a formal warning to expulsion from the event without a refund, future bans on participation in Landscape Queensland events and activities and even cancellation or revocation of membership.

Additionally, if unacceptable or inappropriate behaviour results in damage to the venue or incurs other expenses, the responsible individuals or organisations will be charged for these costs. This ensures accountability and upholds the integrity of LQIA events and community spaces.

In the event of misconduct, Landscape Queensland cannot be held responsible for actions taken by the venue's policy. Where necessary, incidents may be reported to the relevant authorities.

Actions will be undertaken to address any conduct that disrupts the event or creates a hostile environment, ensuring the safety and inclusivity of our community. In cases of non-compliance, we are committed to upholding principles of natural justice and procedural fairness, offering individuals the opportunity to respond to allegations prior to any conclusive decisions. This approach underscores our dedication to maintaining a positive and secure experience for everyone.

Landscape Queensland reserves the right to change this policy where necessary for the safety of members and event attendees.
